

BUSINESS ENTERPRISES

TRUSTED ADVISORS TO THE
BUSINESS COMMUNITY

AUDIT & ASSURANCE SERVICES

EQUIPPING YOU WITH THE INFORMATION
TO MAKE BETTER DECISIONS

With increasingly complex regulatory and compliance requirements, you need financial advisors who can provide a complete spectrum of assurance services. Calibre CPA Group has the depth and breadth of experience needed to ensure that your financial operations run smoothly and your financial statements are materially correct and compliant.

Our experienced professionals start by getting to know your business and understanding what risks you face. We can provide you with comprehensive assurance services that meet your unique needs.

FORENSIC & RISK ADVISORY SERVICES

PROTECTING AND SAFEGUARDING
YOUR BUSINESS

Every company may be exposed to fraud at some point, making it critical to design controls and procedures to manage the risk. Your key stakeholders want to know that your business is on sound financial footing. We can provide that assurance to your owners, board members and other key stakeholders with our forensic and risk advisory solutions. We provide a full range of forensic and internal auditing services allowing our clients to mitigate the risk of fraud and put in place effective fraud prevention processes and procedures.

Our experienced Certified Fraud Examiners provide fraud risk assessments that will identify and address internal control vulnerabilities before they happen. In the event of a potential fraud, our team utilizes specialized forensic techniques to uncover evidence of fraud and quantify the loss.

Calibre CPA uses a phased approach to our internal audit services. We help companies of any size evaluate and improve their governance, risk management and internal controls with tailored, cost-effective solutions.

WHY CALIBRE CPA GROUP

Running a business is a complex and stressful job. Staying on top of changing requirements, reporting deadlines and juggling limited internal resources can make it even more challenging. ACCOUNTING & FINANCIAL SERVICES

FREEING UP YOUR TIME SO YOU CAN
FOCUS ON WHAT MATTERS MOST

Running an business is a complicated and stressful job, but adding in reporting deadlines, changing requirements and limited internal resources can make it even tougher. To help make our clients' lives easier and enable them to put the focus back on their growth, we offer a full suite of accounting and financial services. Our solutions simplify our clients' accounting functions by allowing them to outsource many time-consuming and tedious accounting tasks to our team so they can concentrate on what matters most.

Your company can engage our team to handle specific accounting and financial services for any length of time, helping them remain cost-effective. We can also assist in the recruiting process, helping you find quality candidates to fill key accounting positions.

ABOUT US

Calibre CPA Group has extensive experience serving businesses across the United States and can provide the full spectrum of services that allow you to have confidence in and demonstrate your organization's financial health to all of your many stakeholders.

With offices in the Washington, D.C., Chicago, IL, New York, NY, and Los Angeles, CA metropolitan areas, our specialists work hand-in-hand with our clients to help them stay ahead of financial developments and guide them through the complexities of accounting and reporting regulations.

OUR MISSION

To help our clients accomplish their goals by providing the highest quality accounting, audit, tax and related professional services.

We understand that responsiveness and personal attention to every client are critical to our shared success. We continually strive to provide exceptional, industry specific service while promoting a dynamic work environment that is rewarding professionally and personally for all our employees.

The responsive, personal attention we provide for each client, regardless how large or small, is the key to our approach. Each member of our highly trained, experienced staff of CPAs, accounting professionals and business advisors works face-to-face with clients. That one-on-one interaction, which can be hard to find at other accounting firms, is centered on meeting your needs and helping you plan for the future success and financial stability of your organization.
