"My career with Calibre began as a new staff member right out of college in 2001 and I joined the Partnership in January 2014. I knew Calibre was the absolute perfect fit for me from my first interview and on-site visit- the people, the work, and the clients-it just felt like home."

Xinyi Jiang, CPA

"I participated in the Summer Externship Program with Calibre, and I had the chance to come to the Bethesda office to explore what public accounting looks like. After the externship, I participated in the Summer Internship Program. I then joined Calibre as full-time staff the following year. I really recommend participating in the Externship and Internship Programs. During these programs, I had a chance to talk to others working at Calibre, and everyone was so friendly and helpful."

Given the culture and community, finding purpose and joy in what I do every day has been easy."
